

École West Park School – Cohort Recess Schedule

- Recess cohorts will exit and enter through a designated doors.
- We will follow the same pattern of times so that students get used to the pattern of their break.
- Recess cohorts must not be in the hall at the same time. Students need to be encouraged to be efficient getting on outside clothing and getting outside so other groups can move outside in a timely manner.
- Students will get time to eat but it will not be in one block of time except for the grade 4s which will get one block. Students can eat until their dismissal and finishing eating when they come back in. Teachers will help to organize this with the students. This is the only way we can move all of the students out for a break and get them back in within an hour.
